- Represents the intensity at a particular location
- Generally in range 0-255
- 0 represents black and 255 represents white
- Different values correspond to the intensity

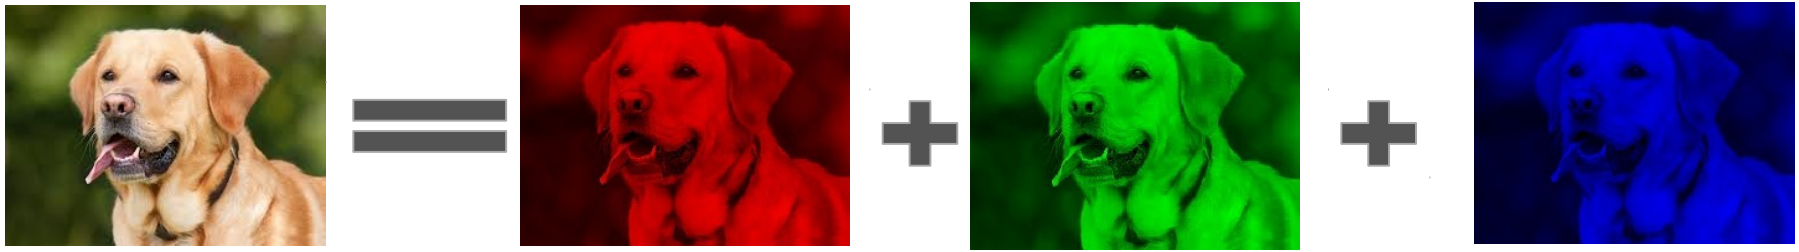
Color Images

- Colour images are composed of multiple colors

Colour Image

Color Images

- Colour images are composed of multiple colors
- RGB are composed of Red, Green and Blue parts



Colour Image = Red + Green + Blue

Image processing in Python

scikit-image is a collection of algorithms for image processing. It is available free of charge and free of restriction. We pride ourselves on high-quality, peer-reviewed code, written by an active community of volunteers.
