

Introduction to DASK

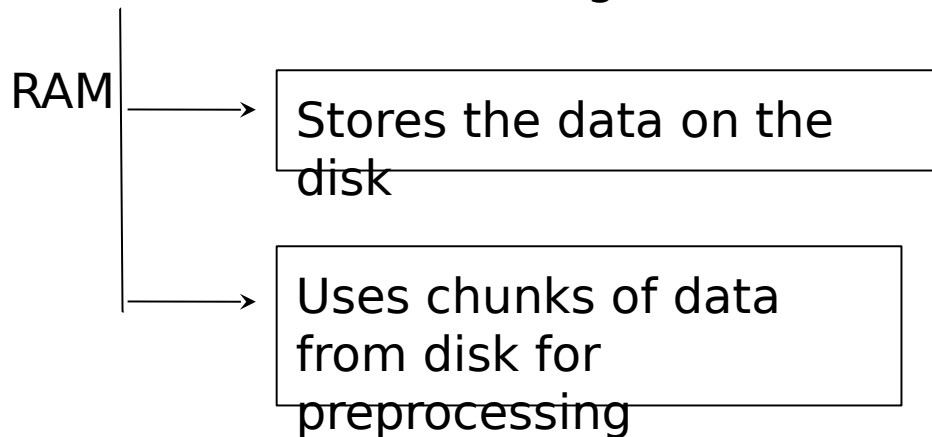

Introduction to DASK

- Parallel Computing

Introduction to DASK

- Parallel Computing
- Can Handle datasets larger than the

DASK Interface

- Dask Arrays
- Dask DataFrames
- Dask ML

Dask Array

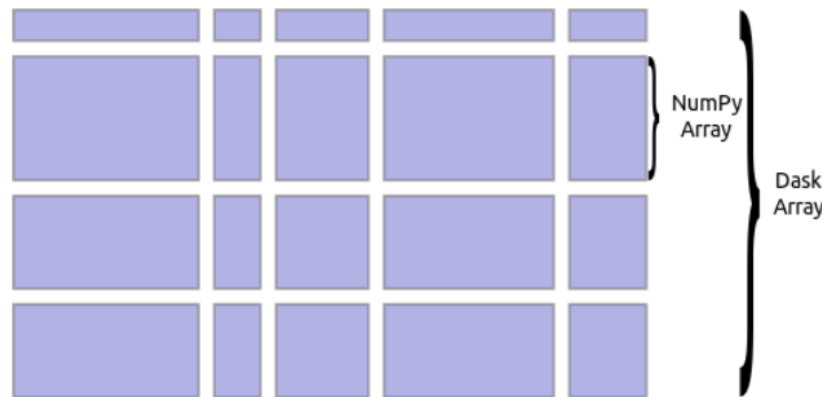

- Dask Arrays are distributed NumPy Arrays

Dask Array

- Dask Arrays are distributed NumPy Arrays
- Smaller NumPy arrays are grouped together

Dask Array

- Dask Arrays are distributed NumPy Arrays
- Smaller NumPy arrays are grouped together

Dask Array

- Dask Arrays are distributed NumPy Arrays
- Smaller NumPy arrays are grouped together
- Dask arrays support most of the NumPy interface

Dask Dataframe

- A large DataFrame composed of Pandas DataFrames

Dask Dataframe

- A large DataFrame composed of Pandas DataFrames
- Pandas DataFrame are split along the index

Dask Dataframe

- A large DataFrame composed of Pandas DataFrames
- Pandas DataFrames are split along the index
